Brochure of Entrance Test- 2022-23

For Admission to M.Phil in Clinical Psychology and M.Phil in
Psychiatric Social work

At Central India Institute, Dewada, Rajnandgaon, Chhattisgarh, India
(Private Autonomous Institute)

From the Founder Desk

When I graduated in Medicine from Gandhi Medical College Bhopal in 1963, I dreamt for an Institute with a plan to develop a full academic complex with multi florious activities, specially medical education.

Initially I started my private practice in 1965 & as time passed, I always thought that with my sons, I would be able to fulfil this dream where we can jointly serve the society & nation through a quality medical facility equipped with latest technology equipments for education.

Central India College of Nursing was the first milestone towards fulfilling this dream. Recently, we started new RCI recognized courses, M.Phill in Clinical Psychologist & another course M.Phill Psychiatric Social Work. As the Founder of the Institution I am pleased to say that I had the opportunity to serve the society with this platform like Central India Institute.

I am confident that with the best effort by our team, this academic setup will grow up to the optimum heights and flourish to the maximum.

I wish the students all the Success.

FOUNDER
Lt. Dr. Ram Lakhan Gupta

Director

MBBS, DPM (Psychiatrist)

It is matter of great pleasure that educational organizations are rising in Chhattisgarh with exponential multiplication vocational courses were always a demand of the society. Therefore my organisation provides professional courses for betterment of mental health areas.

The dynamic management of Central India Institute & CIIMHANS has fulfilled the demand of medical & mental health area by producing & promoting this education in Chhattisgarh as well as India.

Our Institution also organizing community mental health camps in various areas of Chhattisgarh. We are restoring the patient to his optimum level of functioning we are providing rehabilitation & De-addiction services.

We are with the students. Best of luck & hope the Institute with this course will definitely improve the quality of Mental health services. We also bounded to give better academic atmosphere and discipline to management & college.

With Warm Wishes.

Dr. Pramod Gupta

President : Dr. Ram Lakhan Gupta Foundation

Director : CIIMHANS

Secretary

Success starts with a thought or an idea when nourished with hope and confidence, that idea sprouts, blossoms and leads to action with knowledge. Central India Institute & CIIMHANS are a creation to provide quality of education & treatment which amplifies the strength and power to the society with the latest developments in the Mental Health Arena.

Furthermore we started to achieve new goal on beginning of RCI recognised courses. Since the year 2022 on courses like M.Phil in Clinical Psychology (RCI Regt.) and M.Phil in Psychiatric Social Work for contributing qualitative participation in the field of mental health.

We are all set to take the mission of imparting world class professional training to the aspiring mental health professionals, a new state of the art institution as an addendum to the existing infrastructure so as to fortify them contribute their best to the society and the country.

With Warm Wishes.

Dr.Praful Gupta

Secretary

Dr.Ram Lakhan Gupta Foundation

Joint Secretary

It is a great privilege for me to lead the Central India Institute as a “asst. Secretary”. Our focus at to develop standard care as a right of person with mental illness through starting new RCI regt. Courses and other professional courses. We also strive to reduce the stigma associated with mental disorder as well as focus on restoration of recovery through appropriate strategies of rehabilitation.

Harmony with diversity is only possible through mutual respect. You can change the world in a positive way by educating the society.

With Warm Wishes.

Dr.Prashant Gupta

Joint Secretary

Dr.Ram Lakhan Gupta Foundation

Introduction of CII and CIIMHANS

Central India Institute (CII) is running by Dr. Ram Lakhan Gupta Foundation & Central India Institute of mental health and Neurosciences (CIIMHANS) is running by 'Dr. Ram Lakhan Gupta Hospital and research private limited. CII is a teaching institute and CIIMHANS is a psychiatric hospital. Both institutes are working together as for the betterment of society and development of qualified mental health trainees.

Central India Institute of Mental Health and Neuro Sciences (CIIMHANS) was established and functioning since the year 2007 by the benevolent and generous minded members of the Elite director board of Dr Ram Lakhan Gupta Foundation, Durg (CG).

Central India Institute of Mental Health And Neuro Sciences (CIIMHANS), is one of the leading OTABU & SAF certified leading hospital for Mental Health in Central India. We have an expert team with clinical excellence led by Dr. Pramod Gupta, DPM (Senior Psychiatrist) along with well-trained professionals including Psychiatrists, Physicians, Clinical Psychologists, Psychiatric Social Work, Psychiatric Nurses, Occupational Therapist & Physiotherapist in delivering exceptional Mental Health care. CIIMHANS also has a team of empathetic care coordinators who are always at your service to ensure that the expectations of the patients and their families are fulfilled in terms of understanding the nature of illness, treatment plan and cost involved.

Vision of Institute

The main motive of the Central India Institute is to Increase the amount of Mental Health professionals; to help maximum population who was suffering from mental illness; & to enhance their personal growth & skills to achieve their goals & also the one another vision is to give well trained mental health professionals through M.Phil training course.

Central India Institute Of Mental Health And Neuro Sciences. (CIIMHANS) was created with a vision of spreading more awareness to a then-neglected brach of medicine, Psychiatry and towards Mental Health, thus providing the Mentally ill a speciality hospital where we can provide a tranquil treatment atmosphere, fine infrastructure, qualified and dedicated professional and standardised systems for a strong rehabilitation foundation.

DEPARTMENT OF CLINICAL PSYCHOLOGY

The Department of Clinical Psychology was established in the year 2007 at Central India Institute of Mental Health and Neuro-Sciences under the guidance of Dr. Pramod R Gupta (Director & Psychiatrist). The department help people who are struggling with mental, emotional, social, and behavioural disorders by applying their extensive knowledge and expertise in assessment, diagnosis, treatment, teaching, research and prevention. The department was started the M. Phil in Clinical Psychology course in the year of 2021 at Central India Institute and recognized by Rehabilitation Council of India (with intake of 10 students per batch) and also internship courses for clinical psychology students started.

1 Clinical services:

Clinical psychologists take detail psychological assessments of the patients. At times, clinical psychologists use answers from patients to evaluate problems that are confusing or worrying, offering alternative ways of interpreting and understanding them through the psycho-diagnostic assessments (projective tests, and objective testing like MPQ, MMPI, MCMI TCI etc) aptitude testing, neuropsychological assessments, training for basic managerial skills and all kind of psychotherapeutic management including CBT, REBT, MBCBT, RPT, DBT, IPSRT and general counselling etc.

2 Departmental activities:

The Department of Clinical Psychology has well trained and qualified faculty members. The departmental conducts regular academic classes and weekly departmental seminars and psychotherapy meetings based on the course curriculum for the students as well as for students of other disciplines such as Psychiatric Social Work and Psychiatric Nursing. The trainees are required to present and participate in departmental case conferences, seminars and journal clubs.

3 Laboratory

The department has well- equipped psychological assessment infrastructure to facilitate better mental health services and training mental health professionals. The laboratory is well stacked with various tests for assessment of personality(MMPI-II, Rorschach Inkblot Test, EPQ, CPQ, RPFT, MCMI-III, CAT, TAT & etc), Neuropsychological testing (N-FAB, PGI-BBD, Raven's Progressive Matrices, AIIMS Battery BGT-II and etc.), and other domains of human behaviour (MISIC, DST, WAIPIS, WAIS-IV, SBIS, various screening test learning disorders and etc).

DEPARTMENT OF PSYCHIATRIC SOCIAL WORK

The department of psychiatric social work was established in the year 2007 at Central India Institute of Mental Health and Neuro-Sciences under the guidance of Dr. Pramod R Gupta (Director & Psychiatrist). The department seeks to enhance the social functioning of individuals, singly and in groups, by activities focused upon their social relationships which constitute the interaction between man and his environment. The department was started the M.Phil in psychiatric social work course in the year of 2021 at this institute and affiliated by Hemchand Yadav University, Durg (with intake of 30 students per batch).

1 Clinical services:

The department take detail case workup and psychosocial assessments of the patients At times. They may perform psychotherapy and even diagnose mental illness. Psychiatric social worker evaluates the root of the patient's problems and provide to individual counselling, insight to integrate cognitive, behavior modification, group therapy, marital therapy, family therapy and etc and also providing communication and links to hospitals and community resources.

2 Departmental activities:

The Department has well trained and qualified faculty members. The departmental conducts regular academic classes and weekly departmental seminars and psychotherapy meetings based on the course curriculum for the students as well as for students. The trainees are required to present and participate in departmental case conferences, seminars and journal clubs. The students are also given ample privileges and opportunities to develop their clinical and academic skills. They learn to dispense family and community based therapeutic services for people with mental illnesses under the direct supervision of the faculty.
